

NCWSA South & Atlantic Coastal Regional Tournament Proposal

Date:

To: Whitestone Property Owners Association Board of Directors

From: South & Atlantic Coastal Region Tournament Coordinator

This proposition is put together to forward the efforts of hosting the 2024 SAC collegiate regional tournament at Whitestone lake estates. The NCWSA regional tournament will also include a separate Class C AWSA tournament that will run simultaneously with the NSCWA regional tournament, allowing SAC B team skiers and alumni to ski in the regional tournament simultaneously. Whitestone lot owners and judges will be allowed to ski under the classification of Alumni.

Such a tournament would be of huge benefit to Whitestone, as many current lot owners became interest in joining WLE started with a colligate waterski tournament. This tournament will not only showcase WLE to around 100 current colligate skiers, but to SAC alumni who could have the present means of purchasing a lot at WLE.

I, Andrew Savula, am proposing and willing to lead all in all efforts necessary to make this event possible. I am looking for the approval of the Whitestone community and Board of Directors on the following proposal

Purpose of this Tournament

- Provide A team skiers with the highest quality of skiing to bolster regional scores
- Develop relationship with Whitestone in order to host more tournaments in future.
- Strengthen SAC teams relationships with Alumni
- Engage current SAC skiers with the AWSA community
- Create a fun collegiate team atmosphere for all involved
- Bring colligate skiers back to AWSA who have taken time off since graduating
- Expose the Whitestone Community to new potential home or lot owners
- Aid in NCWSA & AWSA's goal of increasing membership & participation
 - Alumni will be encouraged to bring their children, exposing them to the fun of a Collegiate tournament and hopefully encouraging their continuation in the sport
- Offer another tournament for aspiring officials
